

# MAPOnline

Marine, Agriculture, and  
Pesticide Management

# What is MAPOnline?

- Electronic Reporting to Maine Pesticide Control Board
- No software needed to install, Web Optimized.
- Designed with the input of local farmers.

# Why would I use MAPOnline?

- Simplifies current reporting form
- Quickly enter daily pesticide applications
- Easy to use

# Can I save the data?

- Records and stores offline while in the field for later transmission
- Printable logs for hardcopy storage

# Pesticide Log Book
